

CAMP PHILOSOPHY

The Susquehanna Valley Soccer Camp was established to give the boys and girls of “The Valley” the opportunity to improve their skills and to have fun while doing it. In the morning session, a technique/skill will be taught. We will take what the players have learned and apply those skills to short sided and full sided games. Participants will enjoy various playing opportunities throughout the day. This camp will attempt to build the campers individual confidence level and hopefully they will leave the camp with a deeper understanding as well as a new appreciation for the game of soccer. The camp is open to players of all skill levels.
